

AMENDMENT UNDER 37 C.F.R. § 1.312
U.S. Appln. No. 09/842,047

REMARKS

The changes being made are simply editorial in nature and no question of new matter or questions of further search arise.

Title of the Invention

Applicants amended the title of the invention in the Amendment under 37 C.F.R. § 1.111 filed March 17, 2003. The Notice of Allowance does not reflect the title as amended. Therefore, Applicants have again amended the title of the invention to METHOD OF FORMING A PROJECTION ELECTRODE.

Drawings

Applicants are enclosing herewith two (2) sheets of replacement drawings, which include FIGS. 4 and 11. The submitted replacement drawings are intended to replace FIGS. 4 and 11 originally filed April 26, 2001. The sectional views A-A' have been amended to read I-I, and are believed to obviate the objection in the Draftsperson's PTO-948.

Specification

Applicants are amending reference to sectional views A-A' in the specification to I-I due to the attached amendments to FIGS. 4 and 11.

Entry and consideration of this Amendment are respectfully requested.

Respectfully submitted,
